

27 JUL 1951

Many thanks for your letter of July 19th  
regarding 

Our personnel people have been in touch with him and he is presently under serious consideration by one of our offices. He was thought by people who have seen him to be a very good man and I hope it is going to be possible to fit him in.

With best personal regards,

Very sincerely,

William H. Jackson

P.S. If we have an opportunity at Stockbridge or elsewhere to test our golf I should be delighted. Unfortunately, I have only played twice this year but intend to start playing regularly in August.
